

MILANO SAN SIRO JUMPING CUP

MILANO SAN SIRO JUMPING CUP 2022

The second edition of Milano San Siro Jumping Cup will be the star of Milan's summer from 24 to 26 June 2022. The spectacular three days of show jumping competitions - a 4* CSI at the Snai San Siro Racecourse - will be open to the public free of charge.

Milan, 2022 April 28th - The second edition of **Milano San Siro Jumping Cup** will be the star of Milan's summer from **24 to 26 June 2022**. This edition - a CSI 4* that has risen in level compared to the three stars of the debut, will be a preview of the great appointment with the 2023 European Championships. The team of organizers, Snaitech together with RCS Sports & Events, new partner of the event, has decided to launch the hashtag **#1horse1world4you** connected to **#1horse1world**: which means the horse is at the center of everything regardless of the sporting discipline. The public will have free access to attend the competitions of the Milano Jumping Cup 2022.

"I remember the pain we all felt last year when we had to deny access, in compliance with the pandemic regulations, to lovers of horse riding and outdoor sports, to whole families, to groups of friends. We want the MJC to be a weekend of celebration in Milan's renewed event season, which is why we have decided to open the doors of the Hippodrome free of charge to the public," said Snaitech CEO, Fabio Schiavolin creator and organizer of the MJC.

The audience will play the starring role in the Milano Jumping Cup 2022 and will be able to enter for free until seats will be available.
